ABOUT US

EmpowerFi champions social equity and progress by offering services that bridge current gaps and improve program efficiency. Our transformative program and project management services are designed to empower underserved populations and bridge societal divides. We engage in collaborative partnerships with both government and commercial organizations, working together to build a more inclusive society.

We bring to the forefront a wealth of expertise in program management, process enhancement, and community development. We navigate complex projects, orchestrating seamless coordination and management, fostering efficiency, and creating lasting positive change in every endeavor.

AREAS OF EXPERTISE

- Program Management
- Strategic Planning
- Business Process & Workflow Efficiency
- Community Development
- Public Outreach
- Customer Experience
- Administrative Services
- Training & Education (In-person & Virtual)
- Instructor Development

PREVIOUS EXPERIENCE

Harris County Community Services Department (ARPA) 2023:

- Provided full program management and facilitation for the ARPA-funded Community Land Trust (CLT) Program
- Engaged in proactive outreach to the local community, hosting public meetings, workshops, and campaigns to communicate program benefits, gather input, and foster collaboration
- Reviewed program gaps, devised process improvements, and managed full program development, including systems and public communication
